Boulder Gets Cold Feet---Is Afraid of Utah

(Special to The Herald.)

(Special to The Heraid.)

Boulder, Colo., May 9.—The weather was ideal for the annual Utah-Colorado meet this afternoon and the track was in first-class condition. Everything seemed propitious for a great afternoon's sport when a difficulty arose between Coach Maddock of Utah and the University of Colorado board of control. After considerable discussion the announcement was made that the meet was called off. The hitch came over the disclosure that Brinton, the 94-5 hundred-yard man of the University of Utah was proved to be a prep student rather than a regularly matriculated student of the university. In addition it was admitted that he was a five-year man at track and he was therefore ineligible for that reason.
